

Chilton Middle School

Culture

Chilton strives to help students grow to their fullest potential as a person not just as a student. The emphasis on our nine core values (Respect, Responsibility, Perseverance, Gratitude, Kindness, Considerate, Integrity, Inquisitive, and Reflective) helps students foster the skills needed to be successful in life.

Chilton staff has been extremely active participating in District committees and planning to help lead the shift to MTSS District-wide. The school site is active with culture building events such as rallies, W.E.B. Days, Picnic Day and Showcase Night just to name a few.

Growth

Since the start of Chilton, it has been a school of growth due to community growth and the quality of instruction. Just a couple years ago Chilton had 500 students, next year Chilton could break the 1,000 student mark and become the largest middle school in the District. With student growth comes staff growth, next year Chilton will have nine (or more) new, amazing teachers to add to an already rockstar lineup of staff.

Programs

Chilton Middle School has fantastic programs that engage and excite students on their journey of learning. Our PLTW program is growing into multiple pathways, including robotics, energy & environment and medical detectives. The W.E.B mentoring program is growing every year. Our Leadership class plans, organizes and implements a variety of activities that keep our students engaged and active in their school community. At Chilton, we try to provide a connection point for every student through our program and club offerings.

Athletics

Chilton has an extremely successful sports program, last year our Bobcats won the league for 7th-grade boys basketball and 8th-grade flag football. We offer the following sports: Flag Football, Girls Volleyball, Cross Country, Boys Basketball, Girls Basketball, Track and Field, Boys Volleyball, and Cheerleading. Due to F.I.S.A.L. policies, 6th graders may only participate in Cheerleading, Cross Country, and Track and Field

Clubs

Chilton Middle School has fantastic programs that engage and excite students on their journey of learning. At Chilton, we try to provide a connection point for every student through our program and club offerings. Here is a list of current clubs on campus:

Chilton Tech Club, 5K Club, Foods Around the World, We Dine Together, Jazz Band, 80s/90s Club, California Junior Scholarship Federation, Minecraft Club, Twilight Zone, Harry Potter, Allies, WEBSday Workday, Choir, and Musical club.

Social Connection

At Chilton, we have made a concerted effort to connect with our community in a more impactful manner. This past year on Facebook, Chilton averaged 860 impressions and 360 reaches a day. To put this in perspective, this past week Chilton had 1200 post engagements. Looking forward, we want to improve connecting with our community via the website, email communication and other social media mediums.

The Arts

Chilton has a connection point for all students, including those interested in the Arts. The award-winning band program has more than 140 students rocking out. The art program participates in an amazing art show every year, and the Chilton musical is a must-see event. This year more than 100 students helped put on Peter Pan, the musical, and it was comparable to many high school productions.

Fundraising

Over the last few years, Chilton, along with the Leadership class and PTC, has shifted fundraising efforts to not only raise money, but provide an opportunity to build culture or provide a desired product. The coffee sales in the Fall, sponsored by the Leadership class, and the Color Run in the spring, sponsored by PTC, both have been successful in raising funds, providing an event to support school culture, and provide a product wanted by the community.

The mission of Chilton Middle School is to inspire, enable and empower all students to meet his academic and social standards that will prepare them for high school and beyond.
